August 15, 2018

Effective with shipments September 1, 2018, the base price on all shapes and sizes of non-leaded carbon and alloy grades (except grade 1215) Cold Finished Steel Bar will increase \$3.00 cwt.

This increase is in addition to any surcharges including, but not limited to, those for scrap, certain alloying elements and fuel as it relates to transportation.

If you should have any questions regarding this announcement, please contact your Corey Steel Company Representative.
